#### Education

1984 Master of Science (Cand.scient.) in biology, University of Copenhagen  
1985 Practical and theoretical training as high school teacher in biology  
1989 Ph.D. (Lic.scient) at Institut for Sporeplanter.

#### Professional/Work Experience:

1982 Masters student at Department of Agricultural research, Risø national Laboratory  
1985 Teacher, Frederikssund Amtsgymnasium  
1986 Research fellow at Department of Mycology, University of Copenhagen  
1986 Visiting scientist at Soil Microbiol. Dept., Rothamsted Experimental Station, England  
1989 Post-doctoral fellow, Danish Natural Research Council, University of Copenhagen  
1990 Consultant for the EC Commission DG XI Developing guidelines for directives on release of genetically modified organisms. Employed at Department of Ecology and Molecular biology, Section for Microbiology, Danish Agricultural University  
1991 Assistant Professor, Department of Mycology  
1994 Associate Professor Department of Mycology  
2000 Professor Department of Mycology

#### Other:

1987-1991 Consultant for Chr.Hansen BioSystems. Development of mycorrhizal based products for plant production.  
1988-2004 Danish representative in COST 8.10, 8.21 and 8.38 actions  
1995- Member of the European culture collection, BEG (Bank of European Glomales).  
1998-2001 Head of department of mycology, Botanical Institute  
2000-2007 Member of the study board for Biology  
2002-2005 Coordinator for the Bachelor degree in industrial science (Science Faculty, University of Copenhagen)  
2003-2006 Member of the board in Thomsen BioScience A/S. Development of PCR based detection devices for biological warfare.  
2005-2007 Head of the study board for Biology  
2005-2006 Member of the board for Biological Institute  
2006-2010 Consultant for Novozymes Biologicals, France (Registration of microbial products on the European market)  
2007-2010 Member of the MSc study board, Faculty of Science  
2010- Representing higher educations in Denmark on the Biology/Biotechnology board in the Ministry for education.  
2010-2019 Deputy head of Department of Biology, University of Copenhagen  
2014-2015 Consultant and advisor for the Norwegian ministry for education NOKUT, evaluating Norwegian University programs in biology.  
2016 Consultant for the European Bacculaureate Unit  
2016- Member of the curriculum group for Danish High Schools, Danish Ministry of Education
